SOLIDWORKS 2019 Tutorial: David Planchard: 9781630572389 ...

Ok. I am only looking to change the default, rather than the author of a single specific part. For example, when I create a part, the author is my home computer's ID: "few". I want to change it to "few31" so that when I create a part, the author is "few31" every time. Is there no way to do this in the program?

How can I change the default author in Solidworks ...
