Apeks scuba diving equipment is being used to explore some of the deepest, coldest and most advanced dive environments on earth. Because when the environment demands, only one thing matters; that your dive kit is designed, developed and tested to keep you safe and comfortable.

### Downloads - Apeks

The Apeks XTX-50 is essential the same as the ATX-50 except for one new feature. The XTX line allows you to change to bigger exhaust vents so bubbles arent in your face as much (although I have never found this a problem). I was told it may help photographers keep bubbles out of the picture. I would not shy away from the XTX series.
