Call logs for call groups now identify the user that picked up the call, the call group that was dialed, if it went to voicemail, and if it was transferred. In gamification, options for average talk time, inbound talk time, and outbound talk time are now available from the dropdown.

Nextiva User Manuals, Guides, Videos, & Notes

A: A quality call center helps retain patients. When patients are helped in their time of need, they return again and again and again. That's the biggest ROI for any physician or practice. But again, there's also help for the administrative and clinical staff. A call center can work with them to ensure that they get the right appointment for the right patient.
