It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

K Pax Iii The Worlds

K-PAX III: The Worlds of Prot is disappointing for those readers who came to the series with an interest in psychology or, indeed, in logical human motivations. Unlike the first book (and the second to an extent), this one completely ignores any of the interesting and realistic psychological aspects of patients at MPI that were before present.
